VoiceDirect ERP for SAP

The Premier Voice Solution for SAP EWM
and WM Distribution Centers

SAP® Certified
Integration with SAP Applications

"We had no prior experience with voice, yet it is the big win from the SAP implementation. It is the most productive thing we've put in and is giving us the quickest payback for our investment."

Paul Courchene,
Logistics Core Team Leader for Patterson

Your distribution center faces an ever-increasing demand for productivity and accuracy. For decades, the Honeywell Vocollect™ voice solution has met and exceeded that demand, averaging error reductions of up to 25% and increases in productivity of up to 35%. Vocollect voice solutions provide the market-leading experience for voice-directed workflows in Europe, the Americas and the world over.

For your SAP-driven warehouse, a premium voice solution is just the beginning. You may ask yourself the following:

How do I reduce the cost and complexity of an SAP voice implementation?

How do I resolve my company's growing security needs?

How do I find a solution to meet the needs of my Warehouse Management (WM) or Extended Warehouse Management (EWM) system?

Can I have a premium voice solution for optimal productivity and accuracy gains and a seamless integration with SAP?

To resolve every one of these questions and overcome critical business challenges, your solution is Vocollect VoiceDirect™ ERP for SAP.

Key Benefits

- Native SAP experience
- Direct real-time SAP integration
- Compatible with SAP EWM and WM
- Seamlessly integrated into SAP architecture
- Supports standard and custom SAP mobile data entry transactions
- High-speed implementation and cost efficiency
- Easy to maintain
- Strong security
- Honeywell Vocollect premium voice experience

Solution Capabilities

- SSL communication
- Login kiosk for non-spoken password
- VoiceAttribute Editor and Vocollect Voice Generator
- Support for voice-triggered scanning
- Rapid training/onboarding
- Built-in mechanism for reporting problems

Implementation Speed and Simplicity

VoiceDirect ERP for SAP (VDERP) provides the VoiceAttribute Editor and Vocollect Voice Generator templates that eliminate error-prone manual coding and reduce per-transaction coding time from an average of hours to minutes, accelerating and simplifying implementation.

Strong Security

VDERP provides complete SSL communication from device to SAP for a solution that leaves "no chinks in the armor".

Support for EWM and WM

VDERP is proven in both Warehouse Management and Extended Warehouse Management systems.

Premium Voice for SAP

You get the world's leading voice solution for optimal experience and benefits for your SAP-driven warehouse.
